Press Release

Sony Electronics announces Its Turntable Lineup with New Wireless Models Designed for Both Turntable Newcomers and Audiophiles

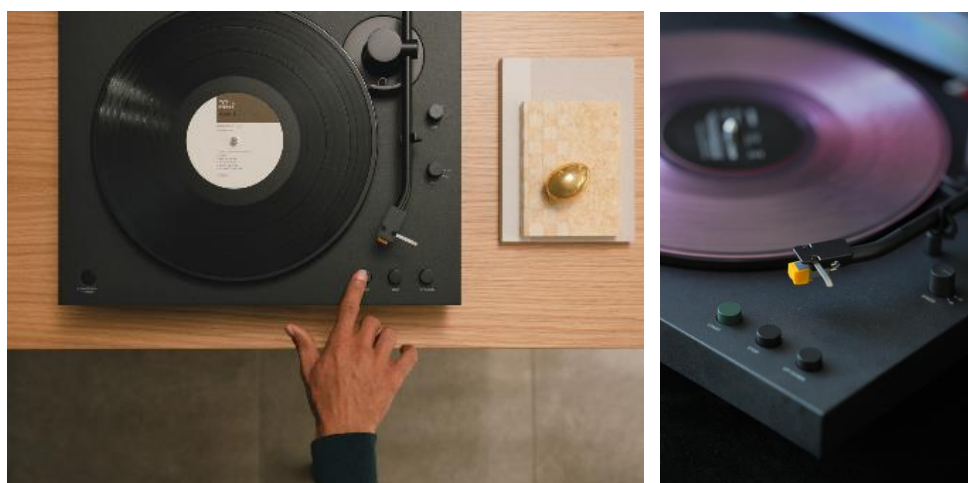

The PS-LX5BT has wireless connectivity, effortless operation, high-quality sound, and a timeless design

PS-LX5BT

Hong Kong, February 11, 2026 – Sony Electronics today announced new model of turntables — the PS-LX5BT — engineered to make it simple and easy to enjoy rich, authentic sound from vinyl records. Designed to suit both first-time vinyl listeners and audiophiles, the new turntable combines simple, intuitive operation with advanced wireless audio technology and exceptional craftsmanship.

Features of PS-LX5BT

PS-LX5BT

PS-LX5BT offers one-button full auto playback and Bluetooth® connectivity¹ supporting aptX™, aptX™-Adaptive, and Hi-Res Wireless Audio² allowing users to enjoy detailed sound even wirelessly, as well as through a wired connection. A high-quality cartridge, aluminum platter, and transparent dust cover provide stable playback and protection. PS-LX5BT supports 33⅓ and 45 RPM records (7" and 12") and arrives in recycled packaging, reflecting Sony's ongoing commitment to sustainability.

Recycled packaging reflects Sony's ongoing commitment to sustainability

Upgrade your vinyl journey

PS-LX5BT

For those looking to elevate their sound, the PS-LX5BT introduces premium refinements that enhance precise audio performance. Every element—from the rigid one-piece body and aluminum tone arm to the rubber mat and circuit design—is carefully engineered to suppress unwanted vibration and preserve audio purity. Building on this foundation of precision, it's equipped with a high-grade cartridge that delivers rich sound with a wide soundstage—ideal for focused, dedicated listening beyond everyday use. The gold-plated audio jack supports a high-grade wired connection, while its sophisticated, minimalist design blends effortlessly into any interior, elevating both sound and surroundings.

Availability

The PS-LX5BT will be available from February 11 2026 at HK\$3,199.
